REMARKS

The specification and claims 7, 13, and 22 have been amended to correct a clerical error. Throughout the specification and claims the phrase "x represents an integer of 0 to 4, and y represents an integer of 1 to 4, where x + y = 4" has been corrected to ---x represents an integer of 0 to 3, and y represents an integer of 1 to 4, where x + y = 4---. It can be seen that the previous statement was clearly in error because x cannot be 4. If x is 4 and y must be at least 1, then x + y cannot be 4 as required.

In addition, claim 13 is reprinted as the structure did not completely print on the page with the last amendment. Entry of this amendment is respectfully requested.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
